

SUMMER TASTING LIST

During summer the tiny grapes buds turn into fully formed grape bunches growing larger and becoming riper with each passing day leading up to vintage.

This Tasting List features some sizzling summer specials and wines with a regional focus, from the Riverina, Victoria and Hunter Valley. Try the racy but very dry Hunter Semillon - if you like a dry wine, this lean, mineral style is perfect for the hot summer months. For those who prefer something sweeter we have the gorgeous Moscato styles and lots of other delicious wines in between. Finish with Australia's icon dessert wine Noble One. And don't forget our Calendar offer - a fantastic selection of wines [+ Red Angus] with complimentary calendar and free postage within Australia - available while stocks last. Tasting notes and reviews are available. Enjoy!
