

DE BORTOLI WINES

UPDATE YOUR WINE WARDROBE WITH THE NEW **EMERI SPARKLING SAUVIGNON BLANC**

Australians have fallen for Sauvignon Blanc and also love their Sparkling wine. So here at De Bortoli we decided to combine the two adding bubbles to Sauvignon Blanc to include in our popular Emeri Sparkling range.

And what's not to love about this clean, fresh sparkling with gorgeous grassy gooseberry aromas and soft tropical fruit flavours made all the more special with fine persistent bubbles. Parcels of wine were selected for their intense varietal character, with some then being fermented with solids to impart texture and others left on lees to add creaminess.

Reflecting the De Bortoli family's Italian heritage, Emeri is named after the wife of the late Deen De Bortoli, the visionary responsible for expanding the family business into the success it is today. Emeri herself still plays a major role in the family business but none more so than at family gatherings. Her approach to life is simple with a belief that any occasion is worth a celebration.

The Emeri range now offers something to suit every taste with the Emeri Sparkling Sauvignon Blanc joining the Moscato (previously called Bianco), Pink Moscato, Sparkling Shiraz and soon to be released Chardonnay Pinot Noir.

Turn everyday into a celebration!
